

New quinquennium new beginnings

We are starting a new series in which each newsletter we will focus on one of our unions. We have asked all of you to participate and in this issue we are presenting the South-East European Union Conference. We hope this will help you with new ideas and motivate you. We look forward to each issue.

Marija Trajkovska has been married to pastor Djordje Trajkovski, who is serving as a President of the SEEUC for 28 years. They have one son, his name is Pavle Trajkovski and he is now studying theology at Newbold College.

Marija has been serving in Women's Ministry for 21 years and 12 of them as a Union WM director. Prior to that she served as a WM director in the Macedonian Mission.

Her biggest challenge is struggle against prejudice and misconceptions about WM role and function in the local church since they are still present in the minds of the older church members and pastors.

Her biggest joy are changed and transformed lives of the women who got to know God's love and grace and their positive, transforming influence on their family and community circles.

Her favourite Bible text is from Psalm 36:9: "For with you is the fountain of life; in your light we see light." (NIV)
