Children meeting in Katai Salaš

This was the first time we organized a children's meeting on Sunday 6.05.2018, and we were not at an ordinary place. We were in a small village with a little farm and a big playground.

The children were singing, and learning new children Christian songs. One group of children beautifully performed 'today's problems of children and their need for Jesus'. Children were divided into groups and they had different tasks. Every group had to create one day of the Creation.

Children meeting in city of Niš

On 12 May 2018 we had a wonderful trip with children through the Biblical cities.

Before the programme started conductors were giving out tickets for a train that travels to New Jerusalem.

Every Church had one city from the Bible
In the end we arrived in New Jerusalem.
