Greetings to you all

Well as many of you will know and feel the summer has truly gone for this year. Many of us had nothing to complain about this year because nearly all over Europe the summer was very hot. For some too hot. Isn’t it funny how people love to complain. Too hot, too cold, too much rain, not enough rain!! The list goes on and on. Somehow we need to find something to complain about.

One of my favourite Bible texts says:
“Don’t worry about anything, but pray and ask God about everything you need, always giving thanks for what you have.” Philippians 4:6

I think people would be much happier if we followed that advice.

Well that is something I will now have to practice. As you will see Solveig my PA is leaving after 3 years of a wonderful working relationship. I will miss her very much. But I thank God for Zsuzsanna Kovacs-Biro who has come to replace her as my PA. Zsuzsanna is a very creative lady and I look forward to working with her very much.

So I thank God for this blessing. Keep thanking God and you will feel a marked difference in your life.

God bless you all.

Clair

**New Women's Ministries Director**  
**Swedish Union**

The Swedish Union have chosen a new Women’s Ministries Director at their last session. We want to thank Daniel Hailemariam for his dedication to Women’s Ministries and we welcome Sonja Kalmbach as the new leader for Sweden.

Recently Daniel organized a WM leadership training and I was happy to have met Sonja there. It will be a pleasure working with her and her dedicated team of volunteers. As you can see by the picture Sonja is a fun loving lady and she will be a great addition to our Women’s Ministries Family.

We pray that God will bless Sonja in her work for the ladies in Sweden.

**Women’s Ministries Leadership Training level 1**

15 ladies from the Swedish Union came together to have the first ever Women’s Ministries leadership training level 1.

Everyone was very enthusiastic and eager to get started with Women’s Ministries in their local churches.

Already a date has been set for 2014 for a level 2 training.

Altogether there are 4 levels of training and for each level there are credits to be had from Griggs University.

This coming year there will also be a training in Greece and Finland. And later this year in Hungary. So if you are interested for your Union let us know.

Here is a photo from the big floral display that just finished in my town. Every year as you know we have a display in ST PATRICKS CATHEDRAL, in TOOWOOMBA CARNIVAL OF FLOWERS. This year the theme was 'Second coming of Jesus'. It was amazing because 2000-3000 people past by the big floral display. It was evangelisation with absolutely amazing experiences. I am so happy and thankful to God !!!

This design represents "GOD’S LOVE IS NEVER ENDING TO US". When we are connected with him, we can share HIS love.

ME TIME—in the Netherlands

Me time? Yes you can! This was our slogan on Sabbath the 8 of June. The second Sabbath in June has been called the international women’s day by the Adventist church. The women’s council had prepared a programme for all the women of The Netherlands in 5 different cities around the country. In total 370 ladies from 40 different churches came together in the city closest to them.

All programmes had been prepared; singing, specials, encouraging words and great food. There were a total of 16 workshops the women could choose from. Health Adventure provided a workshop at each location. The women also had a choice to go to a beauty or creative workshop. In Rotterdam, at the singing workshop, a choir was born. In the Hague it seems the women have established a new book club because of the workshop ‘living room’.

The highlight of the day was the prayer moment. At all 5 locations there was a prayer moment. It was all held at the same time so even though the locations were far apart, at that moment all the women were connected through the power of prayer.

Next year the international Seventh Day Adventist women’s day is on the 14th of June. The women’s council hopes to have another amazing inspiring programme planned for all the Dutch ladies!

COULD THIS BE AN IDEA FOR YOUR UNION. WOMEN WOULD NOT THEN HAVE TO TRAVEL SO MUCH.

THANK YOU MADELON FOR THIS WONDERFUL INITIATIVE.
